Special guest star... Mr. Douglas Jennings and his cohorts.

*Why should I attend the 30th Reunion?  
What's the big deal?*

The 25th Reunion was a huge success. Those who attended were so very happy they did. Those who did not heard about what a fantastic time every one had reconnecting and regretted not attending.

"I attended the 25th. I was apprehensive about seeing people that I really didn't care for, that harassed, teased, etc. in High School. But I got to tell you it was a REALLY good time and it seems that everybody there was happy to see everybody else. Jocks and Band Folk walking Hand in Hand...well Ok, not walking Hand in hand but having a good time and laughing, dancing, exchanging numbers and photos...it was FUN!! " Thomas Potter

"I didn't go to 25th... (for very stupid reasons which I now regret) but am going to do my best to make the 30th!" Lyn Coleman Kennon

"We've all grown up and should let go of childish things. The people you went through school with have a unique brotherhood with you that no one else does and you WILL be Joyful down to your bones after seeing everyone and catching up!" Whitney Boyd McMahan aka Dogfish
