Gene,

So good to hear from the past. I still remember those good ole days and the team mates. It had a big influence on how I performed during my military days in the Marine Corps and Air Force and also in my career in Aerospace. I still remember Coach Kwiatkowski starting off every practice with " Gosh dang it, shoot boys" and instilling his ways upon the team. Unfortunately, as much as I'd like to be there, I will not be able to attend as I am currently living and working in Egypt as a tech rep with the Egyptian Air Force on the F16 Program. Please extend my best wishes to the surviving team members and my condolences to our team captain's families. I shall always remember my days as a fellow Mule and the influence upon my life. God Bless and good luck to all the Bedford alumni.

Deepest Regards'
