*You've never owned a car  
so useful, so practical*

No sedan matches a station wagon for all-around usefulness. And no other station wagon is so practical for every use as the "Jeep" Station Wagon—the first with an all-steel body and top for greater safety and longer service. Let your Willys-Overland dealer show you how fully the "Jeep" Station Wagon meets your family's needs.

**LOTS OF ROOM** Inside the "Jeep" Station Wagon's all-steel body for passengers—space, too, for things you want to take. When there's a bulky load to haul, removing the seats gives 98 cubic feet of cargo space.

**WONDERFULLY SMOOTH RIDING** on rough country roads as well as city streets. Independent front-wheel suspension absorbs road bumps, keeping

the car level and steady. The "Jeep" Station Wagon is thrifty to drive—the world-famous "Jeep" engine with overdrive gives you mileage to brag about.

**LET IT SNOW** or rain—the "Jeep" Station Wagon's steel body and top can take it. Even more important, you drive with the secure feeling of steel around and above you.

**'Jeep'**
